Your guarantee of quality

Regarding quality, the Tracer complies with the highest norms laid down by certified test institutes in most European countries.

The wheelchair must be adapted to you, not vice versa

The wheelchair has been developed as a modern aid which can be individually adapted. Aesthetic appearance and practical use go hand in hand. The wheelchair manufacturer Vermeiren has played an important role in this development.

Our basic principle is: the wheelchair must be adapted to you, not vice versa. This is why our wheelchairs have a modular design. All types of wheelchairs can be adapted, have numerous accessories and all options are mutually interchangeable. This is the result of our continuous research and more than 45 years of experience.

Squod

Ready to go!

R.E.: N.V. Vermeiren N.V., Vermeirenplein 1/15 - 2920 Kalmthout - Belgium - 09/2005

Comfortable

An ideal electronic wheelchair for inside and outside usage. The seat and back in Soft-version makes you feel comfortable and at ease in any situation. The collapsible controller comes in handy when you like to move closer to a table.

Standard lights, front and back, will ensure optimal safety when you like to drive outside during the evening hours.

Driving pleasure

The maintenance free and rechargeable batteries will allow you to drive for many hours. 2x200 Watt (2x12V - 70Ah) nicely stowed away under the seat letting you drive even on a rainy day.
